Issue of Quantity Contract and Delivery Schedule: Rates shall be valid for 12 months from the date of acceptance of tender or from the date of signing of agreement whichever is later. Qty mentioned at NIT Clause 2 is approximate and can increase or decrease. Order shall be issued by ACCF, within above 06 months period, as & when required, after the contract is signed with the preferred bidder in the prescribed format. ACCF reserves the right to place the Rate Contract. During the rate validity period, accepted rates will not vary and Bidder (Supplier) is bound to supply the contracted items at the accepted rate contract. The Bidder (Supplier) shall complete the delivery of the entire quantity ordered as mentioned at NIT Clause 2 from the date of issue of Rate Contract. Validity of Rates can be increased by another 3 months on mutual consent. Qty as mentioned at NIT Clause 2 can be increased/decreased by 25%.	Validity of Rates 12 months , request reduce to 4 months	No change

15. Payment Terms: Procedure for Payment: The RA Bill process will be carried out based on execution and certification by the Engineer. • On supply: 70% of the BOQ rate can be claimed • On installation: 20% of the BOQ rate can be claimed • On testing: 5% of the BOQ rate can be claimed • On Handover: 5% of the BOQ rate can be claimed

On supply 70% of BOQ rates can be claimed , on this need a clarity if 70% of BOQ are claimed with supply of line items then during final commissioning if supplied quantities are left out because of excess estimation of quantity in BOQ , it will be property of ACCF as the bidder will not have any provision of return or refund .

This is a completely item-rate project, and billing will be done strictly on actuals.
If, during supply, 70% of the value has been claimed, but after execution certain items are not utilized at site, the corresponding supply amount will be reduced accordingly. Billing will therefore be finalised entirely on actuals.

Other terms and conditions of tender remain the same.
